

THE DRIVING EXPERIENCES

“Our Bushy Park Driving Experiences offer you the chance to see, hear and feel what it’s like to push a racing car to the limit. Prepare to abandon any preconceived ideas of when a driver should be braking for a corner or how fast that corner can be taken . . . our professional racing drivers and instructors promise you one of the most exhilarating and memorable experiences of your life.”

THE KARTING EXPERIENCE

The Karting Experience offers participants the chance to drive on a specially-designed 0.41-kilometre circuit in a Birel kart, powered by a 270cc four-stroke Honda engine, capable of up to around 50mph on the straights . . . although it will seem much faster for the driver, sitting just a few inches above the ground.

The karts are designed to meet worldwide ‘arrive & drive’ safety regulations, with front, side and rear crash protection; the seat and pedals are adjustable. Before each Experience, there will be a classroom session, with a video explaining the basics, including how to get in and out of the kart, also safety flags and their meaning. Safety helmet, neck brace and balaclava are provided, and enclosed shoes are required. Each participant must sign a liability waiver. There is a minimum limit for height (5ft), a weight limit of 260 lbs and karting drivers 18 years and under must be accompanied by an adult guardian during the briefing, who must sign a waiver on their behalf.

Bookings can be made by calling 256-0114 or emailing experiences@bushyparkbarbados.com

SUZUKI SWIFT DRIVING EXPERIENCE

The Suzuki Swift Sport feels like the last of a dying breed of hot hatches and is a true drivers car. The Swift Sport features natural aspiration, über agile handling, and, most of all, lack of weight. These elements combine to create an engaging and rewarding drive that will leave a smile on even the most seasoned drivers face after a few laps around Bushy Park!

The cars we use at Bushy Park are race prepared and come equipped with safety cage, bucket seats, 6 point harnesses, limited slip differential, adjustable dampers, an up rated braking system, and a manual 6 speed gearbox making them the perfect cars to make your race track debut, enhance your driving skills or learn new driving techniques in a controlled and fun environment!

 - a certificate with your lap time
 - water and snacks will be available throughout
- *Please note a pace car will be used for groups*

RADICAL DRIVING EXPERIENCES

A true supercar. The Suzuki-powered Radical SR3 RS is hand built in the UK by Radical Sportscars and with over 900 satisfied customers, it is the world's most successful sports-racer. The SR3 RS is a thoroughbred, sure-footed, highly-developed racer, adept and rapid in the hands of both the novice track day driver, and seasoned racing professional.

With 220 horsepower, the 1340cc four-cylinder engine in the Radical SR3 RS revs to a blistering 10,500rpm and drives through a six-speed sequential paddle-shift gearbox, delivering seamless power to the track through slick tyres. With stats like 0-100kph (0-62mph) in three seconds and 2.5G through corners and under braking, it's faster than a Porsche GT3 around Bushy Park Barbados.

Our Radicals are fitted with two sets of pedals so the instructor can step in if necessary – we cater for everyone from complete novices to seasoned racers.
